

**Memorandum of Understanding**  
between  
**The Flight Safety Foundation**  
and  
**Latin American and Caribbean Air Transport Association (ALTA)**

The Flight Safety Foundation (FSF) and the Latin American and Caribbean Air Transport Association (ALTA) are both dedicated to promoting and enhancing the safest possible global aviation. This Memorandum of Understanding (MOU) is designed to promote an effective relationship between FSF and ALTA in support of this shared goal.

The following sets forth an illustrative (but not exhaustive) list of areas of existing and future cooperation between ALTA and FSF:

1. **Joint workshops:** ALTA and FSF will identify opportunities to hold common regional technical workshops.
2. **Publications:** ALTA and FSF will offer each other the opportunity to provide contents (e.g. articles, safety bulletins, statistics) for our respective publications. Both organizations are prepared to circulate each other's time sensitive material to our respective membership/contacts.
3. **Communications:** ALTA will include FSF logo as *ALTA Partner* in all its materials and publications where the list of members and partners is shared.
4. **Conferences:** ALTA and FSF will offer each other the opportunity to participate in relevant conferences. Terms of that participation will be determined on a case-by-case basis.
5. **Latin America Roadmap:** ALTA and FSF will work together to develop a safety roadmap for Latin American region. This could be derived from or include the outcome from ALTA and FSF workshops, seminars, regulator and airline engagements.
6. **Safety information sharing:** ALTA and FSF will identify ways that they can promote effective safety information sharing.

This MOU sets forth expectations, but not obligations, of how ALTA and FSF plan on working together going forward. ALTA and FSF look forward to continuing to evolve our joint efforts in support of aviation safety on a global basis.

Signed on behalf of their respective organizations:

---

Jose Ricardo Botelho  
Executive Director and CEO  
Latin American and Caribbean  
Air Transport Association (ALTA)
