Hi Dan - thank you so much for your message and for connecting me with Milena.

Hi Milena - pleasure "e-meeting" you over here. As Daniel mentioned in his message, I look after Latin American engagements at LanzaJet.

I'm currently visiting my family in Puerto Rico this week for Thanksgiving. Going back to the office next week.

Would love to set up an intro chat before the end of the year. Curious to see what synergies there are and how we can collaborate.

I know December can be tricky. But is it a bit too forward if you inquire about your availability in the next couple of weeks?

Please advise. Thanks!

Subject: Connecting ALTA with LanzaJet

Hi Milena,

Was so lovely to see you this week at Aviation Carbon, and once again, congratulations for your excellent contributions on the panel.

As promised, connecting you here with [@Pedro Melendez](#) - one of my dear LanzaJet colleagues, who looks after the Central / South American market. Would be terrific if you two could connect, and [@Milena](#), perhaps you could take him through ALTA's scope of work in the SAF space and also the upcoming event in 2025.

Would love for us to collaborate!

Many thanks once again and safe travels!

Dan
